Grant

Participants receive a mobility grant (individual financial support) for the period of studies, as well as a lump sum for travel costs.

The grant is as follows:

- Monthly subsistence grant of 750 EUR (meant to cover partially the expenses for board, meals, health insurance, local transport)

- Travel grant (lump sum corresponding to the distance range calculated by the Distance calculator platform of the European Commission) ([EU distance calculator](#))

Details on financial support and payment arrangements to the participant will be set down in the Grant Agreement, the contract between the participant and the European Host University which has to be signed before the start of the mobility period.
