

## **Fine Arts - Sculpture Study Program / Sculpture Department**

The Fine Arts - Sculpture Study Program pursues didactic principles and practical training methods respecting the Cluj sculpture school's tradition, also capitalizing the experiences acquired within the educational process of the national and international art schools. The study program gives the students the opportunity to obtain a profound practical and theoretical knowledge of the sculpture field, combining a rigorous technical preparation with the stimulation of the conceptual creativity and of the original artistic expression.

### **Specific competencies**

Among the essential competencies obtained by the study program's graduates, we mention:

- the use of the specific technologies and techniques in order to transpose an artistic project into a certain material
- elaboration of personal creative projects
- the understanding of the field's culture

### **Career opportunities**

The professional career options of the study program's graduates include:

Freelance artist / creative practitioner within the field of sculpture / coordinator and designer of public sculpture and environmental sculpture projects / coordinator and developer of projects in the field of the creative industries / organizer of exhibitions and cultural activities / teacher within the field of art education.
